SKILLS

Technical Skills

- Tech & Framework: ReactJS, NextJS, React Native, ExpressJS, NestJS.
- Libraryies CSS: TailwindCSS, Bootstrap.
- Frameworks UI: AntD, Material UI, Shadcn, DaisyUI
- Database System: MySQL, MongoDB.
- Programing Languages: JavaScript, TypeScript, Java.
- Pattern: Restful Web service, OOP, SOILD, MVC architecture.
- Platform: Docker, AWS(EC2, S3).
- Source Control: GitHub, GitLab, Jira. Development Tool: IDE IntelliJ, Visual Studio Code, Postman, MySQL Workbench, MongoDB Compass.
- Operating System: Windows, Linux.

Soft Skills

- Strong teamwork skills. Good coordination with the global team.
- Good analytical and problem-solving capabilities.
- Hard-working, high commitment, and responsibility.
- Working well under pressure.

Certificates

- Toiec: 700 (9.2023)
- Frontend Developer (React) of HackerRank (8.2024)
- Advanced React of Meta (8.2024)

SUMMARY

- Focus on Front-end web application development using ReactJS, NextJS Framework with RESTful APIs.
- I'm expanding my skill set by learning backend development with Node.js NodeJS, NestJS, design patterns and database.
- Always aim to approach technology and learn new knowledge.
- Ability to manage tasks, communicate with the project team and project manager.
- Strong analysis and logic, solving technical issues independently.
- Proactive in work as well as the ability to work effectively in a team and independently.

WORK EXPERIENCE

Front-end Developer

AMIT Group   10/2023 - 01/2024

- Customer: Internal Project.
- Description: Designing web interfaces for landing pages and admin panels.
- Team size: 4
- Responsibilities:
  - Implement and maintain micro frontend architecture.
  - Collaborate with team members and assist fellow developers.
  - Execute frontend tasks with precision and meet timelines.
  - Design and implement user interfaces for landing pages and admin panels.
- Technologies: ReactJS, NextJS, Redux Toolkit, TailwindCSS

Front-end Developer

FMP- Flower Marketplace (Intern)   06/2023 - 09/2023

- Customer: Internal Project
- Description: Design landing page, contact card page.
- Team size: 3
- Responsibilities:
  - Design Figma UI.
  - Collaborate with team members and assist fellow developers.
  - Execute frontend tasks with precision and meet timelines.
  - Design and implement user interfaces for landing pages and card page.
- Technologies: NextJS, TailwindCSS
